Warden,

I interviewed offender Caddell 1697940, his housing assignment is A 4-19 the offender states that he did have a fan on him but sometime through out the night another offender repositioned the fan, when he woke up he was sweating so he took a shower, but was still feeling bad. So after count cleared he went to the boiler room were he called G control, and told them he needed to go to medical. At this time he had not worked in the boiler room, he stated that his shift was from two till ten, the offender states that it was not the boiler room that was hot, and that he had gotten hot on the dorms because some one moved the fan.

Offender Caddell arrived at Hutchins 04-6-2011 and was assigned as a dorm janitor, his restrictions at that time were no lifting over 25 lbs, limited sitting, no food service, and do not assign to medical and no temperature extremes. This offender was a dorm janitor up till September 12, 2011, were he was then made a boiler room operator. He was then seen on committee February 16 2012 and promoted to a G1. Offender Caddell was then unassigned medical on 6-11-2012 and as the document shows he is still unassigned medical.

The offender said he never received a lay in stating that he was unassigned medical but has been turning out for work.

During the conversation he stated that he had been interviewed by Sgt. Warfield for an investigation on an assaulted offender on A4 dorm, and has been having a little problem with the other offenders thinking he was the one that told.

At this time I have had the offender moved to another bunk number 35 a heat restriction bunk were there is air blowing on it. The offender is alert and able to make conversation and is coherent, if I find out any more information I will forward it to you.

**Subject:** Offender Transport (Parkland Hospital)

Sir:

On 6/30/2012 at approximately 1850 hours, the Hutchins Unit transported offender Caddell, Bradley J TDCJ#1697940 to Parkland Hospital by Ambulance. At approximately 1645 the offender was escorted to Hutchins medical department complaining of blurry vision and over heating. Ms. Ray LVN took offender Caddell's temperature which read 100 degrees. Ms Ray determined that she will monitor the offender and keep him in a cool area and give him cool fluids. Approximately 30 minutes later, Ms Ray took the offenders temperature and at that time it read 101.4. Ms. ray again determined that she will continue to monitor the offender and give him cool fluids while he sat in a cool area. At approximately 1830 I, Lieutenant Brown was informed that offender Caddell was in the medical department and that he will need to go to Parkland hospital. Ms Ray stated that she spoke to the provider and he stated that offender Caddell will need to be transported to Parkland hospital by van if he can be transported within 30 minutes otherwise use an ambulance. I went to the medical department where Ms Ray informed me that the offenders temperature was now 101.5. I decided that with the offenders temperature still rising after being in a cool area and having cool fluids, that we will transport him by ambulance. The ambulance arrived at approximately 1845. Hutchins EMS gave the offender fluids via IV. Prior to leaving the Unit, Offender Caddell's Temperature was 98.6. ( Taken by Hutchins EMS) Offender Caddell was awake and alert at all times, speaking to Ms Ray and Hutchins EMS.

Offender Caddell is assigned to work in the boiler room and was at his work assignment until approximately 1430 hours. At 1430 the outside temperature was 99.7 and at 1530 the outside temperature was 103.5. The temperature in A-4 dorm was taken at 1502 hours and it read 95.1. The outside temperature was taken again at 1930 and it read 95.3. At 1933 the sallyport of A 1-4 building temperature read 94.8. The D-Space temperature read 91.4 and A-4 dorm temperature was 93.5. Offender Caddell housing assignment is A4-19. The fan is blowing slightly into his bunk area.

Offender Caddell was recently moved from A4-37. On 6/18/2012 offender Caddell was on the heat restriction list, but he is not on the list in his current housing. There was cool water in the dorm at the time of offender Caddell being transported. All other updates will be forwarded when received.

How did the evaluation go? Did our medical dept. release him back to his housing assignment?

Are we sure about the stroke diagnosis from Parkland?

Ok, thanks for the message.

The offender shouldn't be assigned to the Boiler Room if he has a restriction of no temperature extremes.

Please ensure we change the offender's job assignment to a job that is compatible with his HSM-18.

Please keep me updated on his condition.

**ADMINISTRATIVE  
REVIEW:**

In accordance with Administrative Directive 02.15 (rev.11), the following was addressed:

**I. Wardens Comments:**

The staff involved in this incident did act in accordance with policy and procedures. Once security staff was informed that the offender was ill medical attention was provided in a timely manner. Medical staff monitored offender Caddell and provided cool fluids and a cool place for the offender to rest. Once it was determined that offender Caddell needed further medical attention he was transported by ambulance to Parkland Hospital to be evaluated. Offender Caddell was unassigned from the boiler room job on June 11, 2012 but he continued to turnout for work. Courtroom staff had made the proper job assignment for Offender Caddell but there was no way to ensure the offender was properly notified of the job change. A process is in place to ensure that a turnout roster is being used to identify offenders assigned to the boiler room. Maintenance offender safety training does indicate proper training of boiler room offenders to include heat training and offender Caddell was trained. The dorm and other areas on the unit have posted "Recognition of Heat Illness", Offender Caddell is taking a diuretic and this may have contributed to his dehydration. Offender Caddell is on the Extreme Heat List and is on the 30 minute check list.

Approximately 30 minutes later, Ms Ray took the offenders temperature and at that time, it read 101.4. Ms. Ray again determined that she would continue to monitor the offender and give him cool fluids while he sat in a cool area. At approximately 1830 I, Lieutenant Brown was informed that offender Caddell was in the medical department and that he will need to go to Parkland hospital. Ms Ray stated that she spoke to the provider and he stated that offender Caddell will need to be transported to Parkland hospital by van if he can be transported within 30 minutes otherwise use an ambulance. I went to the medical department where Ms Ray informed me that the offender's temperature was now 101.5. I decided that with the offender's temperature still rising after being in a cool area and having cool fluids, that we will transport him by ambulance. The ambulance arrived at approximately 1845. Hutchins EMS gave the offender fluids via IV. Prior to leaving the Unit, Offender Caddell's Temperature was 98.6. (Taken by Hutchins EMS) Offender Caddell was awake and alert at all times, speaking to Ms Ray and Hutchins EMS.

Offender Caddell is assigned to work in the boiler room and was at his work assignment until approximately 1430 hours. At 1430, the outside temperature was 99.7 and at 1530, the outside temperature was 103.5. The temperature in A-4 dorm was taken at 1502 hours and it read 95.1. The outside temperature was taken again at 1930 and it read 95.3. At 1933, the sally port of A 1-4 building temperature read 94.8. The D-Space temperature read 91.4 and A-4 dorm temperature was 93.5. Offender Caddell housing assignment is A4-19. The fan is blowing slightly into his bunk area.

Offender Caddell was recently moved from A4-37. On 6/18/2012 offender, Caddell was on the heat restriction list, but he is not on the list in his current housing. There was cool water in the dorm at the time of offender Caddell being transported. Duty Warden Major Terry May was initially notified of the incident at approximately 1900 hours and as the updates was received.

Once offender Caddell returned to the Hutchins Unit, He was placed in G-Building holding cell, monitored every 15 minutes and given a mattress and cool water. The offender will be evaluated once medical staff arrives on the unit at 0600 hours.

Per Major May, all information will be passed on to him for review.

Offender Caddell, Bradley # 1697940 called G control from the boiler room and informed me that he did not feel well. He asked if he could go to medical. Offender was given a pass. He then walked to medical. This happen between 230 and 240 pm. After offender went inside medical. I returned to the walkway to supervised offender traffic.

Sergeant L. Williams  
2<sup>nd</sup> shift Security ..

My name is Bradley J. Caddell TAC-1697940  
 The night of June 29<sup>th</sup> I went to sleep in  
 A4-19 with the fan blowing in my bunk  
 direction. The morning of June 30<sup>th</sup> 2012 I woke  
 up sweating Got up and took a shower cause  
 during the middle of the night some one  
 move the fan in another direction. After I  
 shower approx 8:00AM I laid back down  
 cause I was feeling bad and slept to noon  
 Wake up feeling worst took another shower  
 then tryed to eat something (That didnt happen  
 So I just went to the front bench and sat  
 in front of the fan and waited for the  
 1:30 PM count to clear. I was having  
 cold chills and the shakes with bur vision  
 seeing dots with my temperture rising.

Once the count cleared. I used the  
 excuss of going to work to get to the  
 Boiler Room to call G-Building and tell  
 them they needed to call my 2<sup>nd</sup> shift  
 Relief in cause I need to go to medical  
 Drinked 3 glasses of Ice water then told  
 1<sup>st</sup> shift they needed to wait on my relief  
 and I walked over to G-Building were  
 Sgt Williams told Ms White head to write  
 me a pass.

1-2012

Im in Dorm A4-19 - Went to sleep Friday night  
 with Fan in the Direction of Heat Restrictions  
 Burks when I woke up the fans were moved.  
 And I woke up sweating, Got up took a shower  
 feeling Bad, When finish laid Back down  
 and tried to sleep but the longer I laid there  
 the Hoter I got, So I tried to set in front  
 of the new fan they put under the T.V.  
 Started getting cold chiles and sweating and  
 Had a hard time seeing, So I got dressed  
 and waited for 1:30 count to clear.  
 When cleared I went to Boiler Room called  
 B Building talk to Ms Whitehead and asked  
 her to call my Relief in, That I need to  
 go to Medical, 15 min later, My Relief  
 showed up A3-55 and I went to B-  
 Building and Ms Whitehead wrote me a  
 pass for Medical  
 On 6-30 I did not work in the Boiler  
 Room all day

# Dehydration

Dehydration is the reduction of water and fluid from the body to a level below that required for proper functioning.

## CAUSES

Dehydration occurs when there is excessive fluid loss from the body or when loss of normal fluids is not adequately replaced.

- Loss of fluids occurs in vomiting, diarrhea, excessive sweating, excessive urine output, or

Parkland EMS Appr. 12945

(Supplemental)

excessive loss of fluid from the lungs (as occurs in fever or in patients on a ventilator).

➤ Inadequate fluid replacement occurs with nausea or decreased appetite due to illness, sore throat, or mouth pain.

## SYMPTOMS

### Mild dehydration

- Thirst (infants and young children may not be able to tell you they are thirsty).
- Dry lips.
- Slightly dry mouth membranes.

### Moderate dehydration

- Very dry mouth membranes.
- Sunken eyes.
- Sunken soft spot (*fontanelle*) on infant's head.
- Skin does not bounce back quickly when lightly pinched and released.
- Decreased urine production.
- Decreased tear production.

### Severe dehydration

- Rapid, weak pulse (more than 100 beats per minute at rest).
- Cold hands and feet.
- Loss of ability to sweat in spite of heat and temperature.
- Rapid breathing.
- Blue lips.
- Confusion, lethargy, difficult to arouse.
- Minimal urine production.
- No tears.

## DIAGNOSIS

Your caregiver will diagnose dehydration based on your symptoms and your exam. Blood and urine tests will help confirm the diagnosis. The diagnostic evaluation should also identify the cause of dehydration.

## PREVENTION

The body depends on a proper balance of fluid and salts (*electrolytes*) for normal function. Adequate fluid intake in the presence of illness or other stresses (such as extreme exercise) is important.

## TREATMENT

- **Mild dehydration** is safe to self-treat for most ages as long as it does not worsen. Contact your caregiver for even mild dehydration in infants and the elderly.
- In teenagers and adults with **moderate dehydration**, careful home treatment (as outlined below) can be safe. Phone contact with a caregiver is advised. Children under 10 years of age with moderate dehydration should see a caregiver.
- If you or your child is **severely dehydrated**, go to a hospital for treatment. Intravenous (IV) fluids will quickly reverse dehydration and are often lifesaving in young children, infants, and elderly persons.

## HOME CARE INSTRUCTIONS

Small amounts of fluids should be taken frequently. Large amounts at one time may not be tolerated. Plain water may be harmful in infants and the elderly. Oral rehydration solutions (ORS) are available at pharmacies and grocery stores. ORS replaces water and important electrolytes in proper

proportions. Sports drinks are not as effective as ORS and may be harmful because the sugar can make diarrhea worse.

- As a general guideline for children, replace any new fluid losses from diarrhea and/or vomiting with ORS as follows:
  - If your child **weighs 22 pounds or under** (10 kg or less), give 60-120 mL (1/4-1/2 cup or 2-4 ounces) of ORS for each diarrheal stool or vomiting episode.
  - If your child **weighs more than 22 pounds** (more than 10 kg), give 120-240 mL (1/2-1 cup or 4-8 ounces) of ORS for each diarrheal stool or vomiting episode.
- If your child is vomiting, it may be helpful to give the above ORS replacement in 5 mL (1 teaspoon) amounts every 5 minutes and increase as tolerated.
- While correcting for dehydration, children should eat normally. However, foods high in sugar should be avoided because they may worsen diarrhea. Large amounts of carbonated soft drinks, juice, gelatin desserts, and other highly sugared drinks should be avoided.
- After correction of dehydration, other liquids that are appealing to the child may be added. Children should drink small amounts of fluids frequently and fluids should be increased as tolerated. Children should drink enough fluids to keep urine clear or pale yellow.
- Adults should eat normally while drinking more fluids than usual. Drink small amounts of fluids frequently and increase the amount as tolerated. Drink enough fluids to keep urine clear or pale yellow. Broths, weak decaffeinated tea, lemon-lime soft drinks (allowed to go flat), and ORS replace fluids and electrolytes.

#### Avoid:

- Carbonated drinks.
- Juice.
- Extremely hot or cold fluids.
- Caffeine drinks.
- Fatty, greasy foods.
- Alcohol.
- Tobacco.
- Too much intake of anything at one time.
- Gelatin desserts.
- Probiotics are active cultures of beneficial bacteria. They may lessen the amount and number of diarrheal stools in adults. Probiotics can be found in yogurt with active cultures and in supplements.
- **Wash your hands well to avoid spreading germs (*bacteria*) and viruses.**
- Antidiarrheal medicines are not recommended for infants and children.
- Only take over-the-counter or prescription medicines for pain, discomfort, or fever as directed by your caregiver. **Do not give aspirin to children.**
- For adults with dehydration, ask your caregiver if you should continue all prescribed and over-the-counter medicines.
- If your caregiver has given you a follow-up appointment, it is very important to keep that appointment. Not keeping the appointment could result in a lasting (*chronic*) or permanent injury and disability. If there is any problem keeping the appointment, you must call to reschedule.

#### SEEK IMMEDIATE MEDICAL CARE IF:

- You are unable to keep fluids down or other symptoms become worse despite treatment.
- Vomiting or diarrhea develops and becomes persistent.
- There is vomiting of blood or green matter (*bile*).
- There is blood in the stool or the stools are black and tarry.
- There is no urine output in 6 to 8 hours or there is only a small amount of very dark urine.
- Abdominal pain develops, increases, or localizes.
- You or your child has an oral temperature above 102° F (38.9° C), not controlled by medicine.
- Your baby is older than 3 months with a rectal temperature of 102.0°F (38.9° C) or higher.
- **Your baby is 3 months old or younger with a rectal temperature of 100.4° F (38° C) or**

**higher.**

- You develop excessive weakness, dizziness, fainting, or extreme thirst.
- You develop a rash, stiff neck, severe headache, or you become irritable, sleepy, or difficult to awaken.

**MAKE SURE YOU:**

- Understand these instructions.
- Will watch your condition.
- Will get help right away if you are not doing well or get worse.

**Financial Classification Instructions**

You may be eligible for benefits to pay all or part of your hospital bills through one or more of the various federal, state and county programs.

To find out if you qualify, you'll need to meet with a financial counselor at one of the various financial counseling services located at the hospital or at one of Parkland's community health centers.

You will need to bring:

1. Birth Certificate for minor children( children under 18)
2. Statement from your physician if you are disabled (on their letter head) or obtain one of Parklands Medical Statements.
3. If employed, bring your most recent pay stubs.
  - If full-time, 2 payroll stubs (if paid weekly, bi-weekly, or monthly).
  - If employed part-time, you will need 4 pay stubs.
  - If you don't have pay stubs, you will need to obtain an employment verification form.
4. If unemployed, you will need to go to Texas Workforce Commission (TWC) and bring in statement that you are not currently employed.
5. If self employed bring in your most recent 1040 tax return.
6. Any other proof of income (for example, pension, child support for current year).
7. If married, you must have copy of both spouses identification.
8. Proof of Dallas County residency. This may include the current rent receipts, current lease agreement, utility bills, or referral letter from state or local agencies (on agency letterhead).
9. Your assets such as current bank statement, car title or insurance card, or property tax statement.
10. Your debts and liabilities (for example, car loan agreement, unpaid medical bills, or

## Consent for Medical Treatment and Photography

I do hereby voluntarily consent to and authorize Parkland to provide care encompassing all diagnostic and therapeutic treatments, including HIV testing, considered necessary or advisable in the judgment of the attending physician or his/her designee. By signing this form, I do not waive my right to refuse recommended tests or treatments.

I understand that Parkland functions in part as a teaching institution and I hereby acknowledge and consent to the use of myself and related records, laboratory work and specimens and diagnostic results from time to time for instructional purposes or machine testing at the sole discretion of Parkland.

I understand that photographs, videotapes, digital and other images may be recorded to document my care, and I consent to this. I understand that these images will be stored in a secure manner that will protect my privacy and that they will be kept for the time period required by law or outlined in Parkland procedures. Images that identify me will be released or used outside Parkland only upon written authorization from me or my legal representative.

## Acknowledgement of Use and Disclosure of Protected Health Information

## I understand:

- Parkland personnel and my physician create and maintain a record of the care and services provided to me.
- Information relating to my treatment, payment or health care operations may be used or disclosed in the management and delivery of care and services provided by Parkland.
- I have received a copy of Parkland's Notice of Privacy Practices that describes how my protected health information may be used or disclosed.
- I have received, read and understand the Patient Bill of Rights located on the back of this form.

## Notice of Exchange of Medical Record

Parkland participates in an electronic medical record exchange program and shares limited information about you with other health care facilities and providers that participate in the program for purposes of the delivery of care and services to you. This exchange includes information such as your name, date of birth, and contact information. If you do not wish to have this limited information shared with other healthcare facilities or providers that participate in the exchange, please notify your nurse or physician.

## Valuables

I understand that Parkland does not assume the responsibility for the safekeeping of any personal property that I choose to keep on my person or in my hospital room during my stay.

I have read and understand the above, they have been explained to me to my satisfaction, I accept and agree to the items contained in this Consent to Medical Treatment.

#### SUMMARY OF INCIDENT

ON 7/2/2012 AT APPROXIMATELY 2056 HOURS, THE HUTCHINS UNIT REOPEATED AN OFFENDER ILLNESS. ON 6/30/2012 AT APPROXIMATELY 1430 HOURS, OFFENDER CADDELL, BRADLEY TDCJ 1697940 WAS IN HIS ASSIGNED HOUSING LOCATION WHEN HE BEGAN TO FEEL BAD. OFFENDER CADDELL STATED THAT HE EXITED A-4 DORM EN ROUTE TO HIS WORK ASSIGNMENT AT THE BOILER ROOM. THE OFFENDER CLAIM THAT WHEN HE GOT TO THE BIOLER ROOM, HE FELT SO BAD THAT HE NOTIFIED G- BUILDING WHERE SERGEANT LOUIS WILLIAMS WAS LOCATED, THAT HE WAS NOT FEELING WELL AND NEEDED TO BE SEEN BY MEDICAL. THE OFFENDER WAS GIVEN A PASS AND REPORTED TO MEDICAL. ONCE IN THE MEDICAL DEPARTMENT, MS DEBBIE RAY LVN MONITORED OFFENDER CADDELL AND GAVE HIM COOL FLUIDS AND KEPT HIM IN AN AIR CONDITIONED AREA. MS RAY TOOK OFFENDER CADDELLS TEMPERATURE WHICH READ 101.4. MS RAY CONTINUED TO MONITOR THE OFFENDER. AT APPROXIMATELY 1830 HOURS, LIEUTENANT KEVIN BROWN WAS INFORMED THAT THE OFFENDER WAS IN THE MEDICAL DEPARTMENT AND NEEDED FURTHER MEDICAL ATTENTION. LIEUTENANT BROWN WENT TO MEDICAL WHERE MS RAY INFORMED HIM OF THE MEDICAL PROBLEMS THAT THE OFFENDER WAS HAVING AND THAT HIS TEMPERATURE WAS STILL GOING UP. AT THAT TIME, LIEUTENANT BROWN INSTRUCTED THE SECURITY STAFF TO PREPARE TO TRANSPORT OFFENDER CADDELL TO PARKLAND HOSPITAL BY AMBULANCE. ONCE HUTCHINS EMS ARRIVED, THE OFFENDER WAS ESCORTED

TO PARKLAND HOSPITAL. OFFENDER CADDELL WAS GIVEN IV FLUIDS AND MONITORED BY PARKLAND HOSPITAL MEDICAL STAFF. LAB WORK WAS COMPLETED ON THE OFFENDER AND HE WAS RELEASED TO RETURN TO THE UNIT. AT APPROXIMATELY 0030 HOURS, THE OFFENDER WAS TRANSPORTED BACK TO THE HUTCHINS UNIT AND MONITORED IN G BLDG HOLDING TANK. OFFENDER CADDELL WAS GIVEN A MATTRESS AND COOL WATER TO DRINK. OFFENDER CADDELL WAS GIVEN A PASS TO SEE MEDICAL ON 7/1/2012. MEDICAL STAFF AT HUTCHINS TOOK THE OFFENDERS VITAL SIGNS AND MADE AN APPOINTMENT FOR HIM TO SEE THE PROVIDER ON 7/2/2012. ON JULY 2, 2012, OFFENDER CADDELL WAS SEEN BY THE UNIT PROVIDER. OFFENDER CADDELL CLAIM THAT THE PROVIDER INFORMED HIM THAT HE IS TAKING WATER PILLS AND THAT IS THE REASON THAT HE WAS DEHYDRATED. THE DISCHARGE PAPERS FOR THE OFFENDER WAS EVALUATED AND AT 1815 HOURS, LIEUTENANT BROWN WAS INFORMED THAT THE OFFENDER RECEIVED AN IV REPLACING HIS FLUIDS. MS THERESA ALFORD FROM THE EMERGENCY ACTION CENTER WAS INFORMED AT 2056 HOURS ON 7/2/2012. DUTY WARDEN MAJOR TERRY MAY WAS NOTIFIED OF THE INCIDENT ON 7/1/2012 AT APPROXIMATELY 1900 HOURS. ON JULY 2, 2012 AT APPROXIMATELY 2345 HOURS, LIEUTENANT BROWN ATTEMPTED TO SEND THE EMERGENCY ACTION CENTER TELEX, HOWEVER THE COMPUTER SYSTEM WERE DOWN FOR MAINTENANCE. MS B MINOR FROM THE EMERGENCY ACTION CENTER WAS NOTIFIED OF THE REASON THAT THE TEXEX WAS NOT SENT. SHE INSTRUCTED ME TO STATE WAY IN THE SUMMARY. THE TEMPERATURE LOG FOR THAT DAY STATED THAT THE OUTSIDE AIR TEMPERATURE WAS 99.7. THE HUMIDITY WAS 50 AND THE HEAT INDEX WAS 107.

THE IV WAS GIVEN TO OFFENDER CADDELL AS A PRECAUTION WHILE TEST WERE ADMINISTERED TO DETERMIN THE CAUSE OF HIS TEMPERATURE. MEDICAL STAFF

EVALUATED OFFENDER CADDELLS DISCHARGE PAPERS AND LIEUTENANT BROWN WAS NOTIFIED AT APPROXIMATELY 1815 HOURS ON 7/2/2012 OF THE TREATMENT GIVEN. ANY OTHER INFORMATION WILL BE FORWARDED WHEN RECEIVED.
